TO WHOM IT MAY CONCERN

This is further to the assessment done by the Academic Audit in December 2025 for the academic session 2024-25.

We are pleased to inform you that we are taking the necessary steps to incorporate the suggestions made by the Committee.

1. Action For Autism (AFA) proactively identifies and pursues projects and grants addressing pressing social issues and emerging needs.
2. Students are regularly encouraged to use the library through structured library time and library-related assignments, fostering a culture of reading, research and independent learning.
3. Conferences, seminars and Staff Development Programmes (SDPs) are regularly organised to promote knowledge sharing, professional development and the exchange of ideas.

Thanks & Regards
